

## What's my grade so far?

Use this table to keep a running score of the number of points you have earned in this class. At any point in the semester you can compute your grade by dividing the number of points you have earned by the number of points possible at that time, which will give you a percentage (points earned  $\div$  points possible = %). Look your percentage up on the second page of this syllabus to find your general grade.

Henri Cartier Bresson. **Rue Mouffetard, Paris.** 1958.

	Points I've Earned	Points Possible
